

GA SIM Installation

Note**

Setup the GolfAchiever unit and plug it in to the computer before installing GA Sim.
If this is your first time installing GA SIM please skip steps 1 & 2.

1. Uninstall old version of GA Sim.
2. **Unplug the GA SIM Key from computer.**
3. Insert GA Sim DVD.
4. Select "Install GA Sim Software".
5. Install HASP Run Time Environment.
6. Click OK once complete.
7. Select Next once GA Sim install wizard appears.
8. Accept license agreement.
9. Choose destination folder.
10. Choose setup type.
11. Click Install.
12. Installation complete.
13. Plug GA SIM USB Key into any of the USB ports on your computer.

Note**

If using an Atake Cable (USB-Serial) to run the GolfAchiever, make sure to download the **Atake driver** on GA Sim DVD. The driver is located under **Other Software**.

Opening the GA Sim Software

After the installation click the newly created, "GA SIM Software" icon which should be located on the desktop. If one has not been created, follow the steps below.

1. Click the **Start** button.
2. Select **All Programs**.
3. Select the **Focaltron** folder.
4. Select the **GA Sim** folder.
5. Double-click **GA Sim Software**.

Note**

Check GA Sim's **Default Settings** by going in to **Admin**, which is located in the top right hand corner of GA Sim's main menu.
